Administrative Order
No. 99-23

It has been agreed with the Arizona Supreme Court that the Yuma County Superior Court, the Clerk of the Superior Court, all Yuma County Justice Courts and the San Luis and Wellton Municipal Courts be converted from the Inslaw Automated Case Management System to the newest version of the Arizona Court Automated Project (ACAP) which is uniformly being implemented by the courts in the State of Arizona. This conversion is presently scheduled for the weekend of August 21 and 22, 1999, and will go live in Yuma County on August 23, 1999. Yuma County is among the last counties in Arizona to make this conversion and the timing for this conversion is imperative if it is going to be accomplished. To minimize disruption and confusion, the Administrative Office of the Courts (AOC) will conduct a "train-the-trainer" session which will last approximately four weeks starting July 27, 1999, and running until August 20, 1999. Training of the entire staff of the courts will be provided by these trainers on August 19, 20 and 21, 1999. This is the only scheduled training that is being provided by the AOC immediately prior to this dramatic conversion. Court staff will be unable to participate in this training program effectively, and at the same time, manage their regular workload on Thursday and Friday, August 19 and 20, 1999.

Because of these emergency circumstances, and to the degree possible, the Yuma County Superior Court, Superior Court Clerks Office, all Yuma County Justice Courts and the Municipal Courts of San Luis and Wellton have been requested to close for public business which does not constitute an emergency on August 19 and 20, 1999.

For the foregoing reasons:

IT IS HEREBY ORDERED that, except for matters constituting an emergency, the Yuma County Superior Court, the Clerk of the Yuma County Superior Court, all Yuma County Justice Courts and the Municipal Courts of San Luis and Wellton will be closed for most public business on Thursday and Friday, August 19 and 20, 1999, so that all court staff and personnel will have the opportunity to receive adequate training before going live on the ACAP case management and collection management computer system. The offices of the Yuma County Attorney, civil and criminal divisions, will remain open to the public. Any and all other business will commence as usual on Monday, August 23, 1999, at 8:00 a.m.

Emergency matters contemplated by this Administrative Order include, without limitation, filing of petitions for orders of protection, filing of civil cases involving statute of limitation issues, etc. If you have any questions regarding these matters or if you have an emergency matter requiring the attention of the court staff on the dates involved, please call the following:
